

## CASTED Evaluations:

**Overall** (as of Jan 1, 2011; n = 668)

**Scale from 1 - 5**  
(3=neutral/average,  
5=strongly agree/outstanding)

The program:

- was relevant to my practice in the ED **4.91**
- met my expectations **4.84**
- met the learning objectives **4.88**
- was credible and non-biased **4.90**
- was well organized **4.89**

The manual will be a useful resource **4.84**

Adequate time was allocated for:

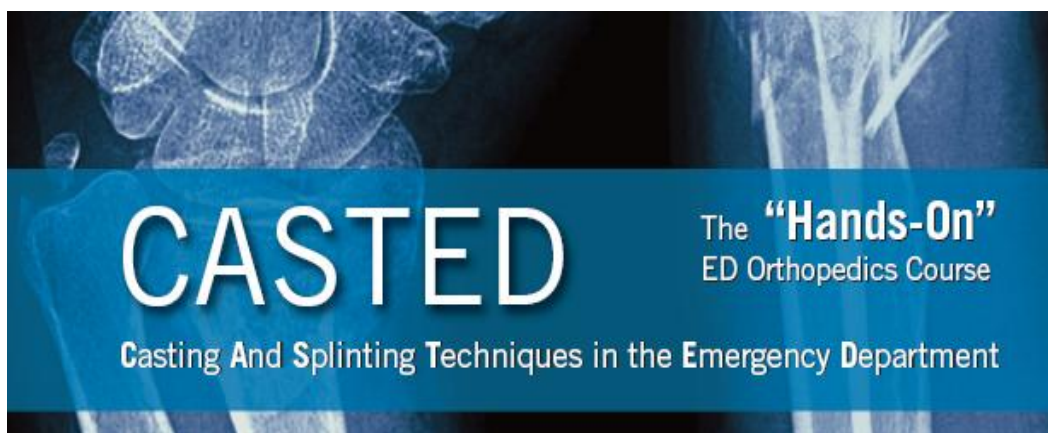

- the presentations **4.82**
- casting and splinting **4.55**
- discussion and questions **4.77**

Regarding teaching / knowledge:

- I would rate Arun Sayal as **4.96**

Compared to other CME I attend, I would rate CASTED as

**4.86**  
(86.2% 'outstanding', 13.6% 'above average')

## CASTED: Written comments from evaluations

This will absolutely change my practice and not many courses do that.

**Lots of pearls, tips and reminders on everything from history, physical, imaging and treatment.**

Awesome content; excellent presentation. Very useful and practical. Great, no-nonsense stuff.

**Excellent. The best one day MSK course I've ever attended.**

Excellent overall - My ortho knowledge was very good but still learned many new pearls.

**One of the best and most relevant courses I've attended.**

Relevant, practical, insightful.

**Excellent course. I can't recommend it enough. Very valuable.**

Best CME I've attended in years.

**One of the best courses I have attended in the last 10 years.**

Appreciated the surface anatomy tips very much.

**One of the best, most practical CME's I've had.**

Relaxed, co-operative, friendly environment.

**Really impressed. One of the most useful CME's I have ever attended.**

Always felt a "gap" in knowledge; this was perfect from ER perspective.

**Superb teacher. Great practical course.**

By far the best casting training I have received. Excellent detail for short period.

**This was more relevant to my practice than all my months of ortho training combined.**

Outstanding - lots of pearls, tricks of the trade. CASTED brought me lots of info even after more than 20 years of full-time ER.

**Outstanding manual - should be mandatory in each ED bookshelf across Canada.**

Will help with my teaching of residents.

**Great x-rays/patient examples. Great teachers. Very comprehensive.**

Superb - corrected some current mistakes.

**Great course, great handout, excellent mix of didactic and hands-on.**

Loved it! Didn't know I was doing so much wrong.

**Great pearls from a primary care perspective.**

Best CME event I have ever attended!

**This was the best CME course I have ever taken.**
